	Manufactured in PRC/UK.	Manufactured in PRC/UK.	
		This device complies with Part 15 of the FCC Rules. Operation is subject to the following two	
		conditions: (1) this device may not cause harmful interference, and (2) this device must accept any	
		interference received, including interference that may cause undesired operation.	
		This equipment has been tested and found to comply with the limits for a Class B digital device,	
		pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection	
		against harmful interference in a residential installation. This equipment generates uses and can	
		radiate radio frequency energy and, if not installed and used in accordance with the instructions,	
		may cause harmful interference to radio communications. However, there is no guarantee that	
		interference will not occur in a particular installation.	
		If this equipment does cause harmful interference to radio or television reception, which can be	
		determined by turning the equipment off and on, the user is encouraged to try to correct the	
		interference by one or more of the following measures:	
		Reorient or relocate the receiving antenna.	
		Increase the separation between the equipment and receiver.	
		Connect the equipment into an outlet on a circuit different from that to which the receiver is	
		connected.	
		Consult the dealer or an experienced radio/TV technician for help.	
		Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.	
EII		void the user's authority to operate the equipment.
